WORK EXPERIENCE

SEEREE SERVICES PRIVATE LIMITED | REACT DEVELOPER

June 2024 – Dec 2024 | Bhubaneswar, Odisha

- Developed and launched an e-commerce website using React and Tailwind CSS, implementing responsive and reusable components to enhance user experience.
- Integrated RESTful APIs to display dynamic product data and managed state using Redux for efficient data handling.
- Optimized performance through lazy loading, code splitting, and ensuring cross-browser compatibility, while collaborating with cross-functional teams using Git for version control and code reviews.

PROJECTS

SHOP-HUB | E-COMMERCE WEBSITE

June 2024 – Dec 2024

- Developed and launched a fully functional e-commerce website with a responsive and user-friendly interface using React and Tailwind CSS.
- Integrated RESTful APIs to fetch and display real-time product data, and managed state efficiently with Redux.
- Optimized performance with techniques like lazy loading and code splitting, ensuring fast load times and smooth user experience.

SMART-SPEND | EXPENSE TRACKER WEBSITE

May 2024 – June 2024

- Allows users to add transactions, track expenses, and view remaining balance dynamically.
- Simplifies expense calculations for better financial management.
- Technologies used: React.js, Bootstrap.

CHAICHRONICLES | DJANGO BLOG WEBSITE

Jan 2025 – Feb 2025

- Implementing secure registration and login with password management.
- Enable blog post and user management through a streamlined admin interface.
- Ensure a responsive design for an optimal user experience.

TASKTRACK | DJANGO TO DO WEBSITE

Dec 2024 – Dec 2024

- Developed a user-friendly To-Do app using Django and Bootstrap, allowing users to add, delete, and mark tasks as complete.
- CRUD operations were implemented for efficient task management and responsive design was ensured for a seamless user experience between devices.
- Used SQLite for database management, enabling robust data storage and retrieval.
